## Protective Measures Course (PER-336)

### Event Purpose

The Protective Measures Course (PMC) provides participants with a basic understanding of how to identify risks and vulnerabilities to a facility, determine additional security needs for a special event/public gathering, and identify and apply physical and procedural protective measures to mitigate the threat of an improvised explosive device (IED) or vehicle-borne IED.

### Who Should Attend?

This course is designed for public and private sector security personnel at the executive, management, and operations level. Public safety workers, emergency managers, law enforcement, and special event security personnel can also benefit from the course.
