Behavioral Threat Assessment: Preventing the Active Shooter

COURSE DATE: Tuesday, January 14, 2020, 0800 to 1700 hours

COURSE DESCRIPTION: This course is designed to teach an evidence and research-based behavioral threat assessment methodology to equip law enforcement and security stakeholders with the skills and tools necessary to identify potentially violent individuals, assess the risks they pose of engaging in targeted violence, proactively manage the risk, and prevent violent attacks that include active shooter and mass casualty events.

COURSE OBJECTIVES:

- Fundamentals of behavioral threat assessment;
- Threat identification, including warning behaviors which potentially indicate a subject is on the pathway to violence to carry out a targeted violent attack; and
- Application of behavioral threat assessment techniques in a variety of contexts and environments including (but not limited to) the workplace, schools, places of worship, public spaces, and other potentially vulnerable areas in the community.
